ALL ABOUT YOUR
GRILLING LIFE

Sunlife Enterprises (Yangjiang) Ltd. is a mature industrial and export enterprise. Our product line mainly consists of a wide range of barbecue products and kitchenwares.

Founded in 1999, SUNLIFE family has expanded rapidly and organized as one of the leaders in providing Barbecue accessories. With excellent understanding of the market and our years of experience, we become more and more professional in exploiting and designing marketable products; and, with the great supports of our cooperative factories, we successfully created variety of products from diverse materials.

With years passed and our unremitting effort, SUNLIFE team enjoys a good respect within our customers. We show our full of loyalty and good service to customers which is SUNLIFE built on, and, we credit our continuous growth to our customers.

SUNLIFE Enterprise always observes the trends of market and develops product ideas today to meet the challenges of tomorrow.

Forest Stewardship Council®

ABOUT FSC

FSC is an independent, non-governmental, not-for-profit organization established to promote the responsible management of the world's forests.

Established in 1993 as a response to concerns over global deforestation, FSC is a pioneer forum where the global consensus on responsible forest management converges and through democratic process effects solutions to the pressures facing the world's forests and forest-dependent communities.

Within this forum, voices from the Global North and South, from organizations big and small, assemble to define environmentally appropriate, socially beneficial and economically viable forest management and identify the tools and resources that will effect positive, lasting change.

As a multi-stakeholder organization, FSC applies the directive of its membership to develop forest management and chain of custody standards, deliver trademark assurance and provide accreditation services to a global network of committed businesses, organizations and communities.

FSC certification provides a credible link between responsible production and consumption of forest products, enabling consumers and businesses to make purchasing decisions that benefit people and the environment as well as providing ongoing business
