Hangzhou OK Import & Export Co.,Ltd

ABOUT OK BABY CAR

Hangzhou OK Import & Export Co., Ltd. was established in 2000 and is located in Hangzhou, Zhejiang Province, China. Our company's building covers an area of about 20,000 square meters. Close to the international metropolis of Shanghai, we have obvious advantages in regional transportation. The geographical location is close to the seaports of Ningbo and Shanghai, and more conveniently, our company policy supports the consolidation of containers.

Hangzhou OK Import & Export Co., Ltd. has the import and export license and specializes in the import and export trade of electric baby cars, tools, etc. Our customer base has been over 75 companies (Europe, America, Australia, Africa, etc.) Meanwhile, as a professional supplier of children's products, we have a long and good relationship with electric baby car manufacturers.

We carefully select high-quality sources and every manufacturer we work with is strong and reliable. All the manufacturers who cooperate with Hangzhou OK Import & Export Co., Ltd. have dedicated R&D and design departments and advanced testing laboratories. Experienced workers and qualified technicians design and develop all kinds of toys and ride-on cars on the factory's manufacturing lines. The testing laboratory has strict standards for testing heavy metals and other chemical components. In addition, a professional quality inspection team ensures that all products are of consistent quality and meet the CCC standards, and are awarded the Certificates such as EN62115, EN71, ASTM.

Hangzhou OK Import & Export Ltd. has 17 divisions and it is worth mentioning that our export division has more than 18 years of business experience. The entire sales team pays close attention to every detail and we have experienced English-speaking salespeople who are dedicated to providing the best possible service is our responsibility. Every salesperson will be happy to contact you, with the goal of providing quality products at competitive prices. At the same time, adhering to the "Better Than Best" philosophy, our professional quality control team will thoroughly inspect your products before delivery and will continue to work with the factory to provide excellent technical and after-sales support. Because we believe that customer satisfaction is our success.
