Injection color can be chosen
Unique rollers grinding
Waterproof IPX4
Including 2 pcs callus remover head and 4 pcs nail polisher head .

Product description

Get the perfect manicure and pedicure without going to a salon with the Electric Nail&foot Care System.

This battery-operated nail polisher is designed to file, buff and shine nails in seconds for a natural finish.

Provides a beautiful and natural shine without the need for nail polish or expensive salon visits.

The callus remover is deigned to remove the dead skin on the feet, this device is great for both hands and feet.

The powerful yet quiet motor rotates for ease of use.

The built in safety control stops the roller from spinning if too much pressure is applied.

The ergonomic design is ideal for those suffering from arthritis and other limitations.

You can easily replace the rollers when they wear out.

Our rollers provide the best results of all the nail&foot care systems on the market.

Description

Get the perfect manicure and pedicure without going to a salon with the Electric Nail&foot Care System. This battery-operated nail polisher is designed to file, buff and shine nails in seconds for a natural finish. Provides a beautiful and natural shine without the need for nail polish or expensive salon visits. The callus remover is deigned to remove the dead skin on the feet, this device is great for both hands and feet. The powerful yet quiet motor rotates for ease of use. The built in safety control stops the roller from spinning if too much pressure is applied. The ergonomic design is ideal for those suffering from arthritis and other limitations. You can easily replace the rollers when they wear out. Our rollers provide the best results of all the nail&foot care systems on the market. They are affordable, long-lasting and won't come apart like other rollers. Use only genuine replacement rollers to ensure you get the same salon-style results every time.
