

Cork Yoga Mat Introduction

Hangzhou Dawnjoint B&T Co., Ltd

Honeyoga

What is cork? Where does it from?

***The cork is from regenerational oak tree bark from Shanxi province in China.

***The cork is organic and natural, not man-made, antibiosis, mildew proof, and ventilate.

***After dealing with the bark, the cork is submerged into 100% natural tree rubber backing at high temperature, no glue nor latex.

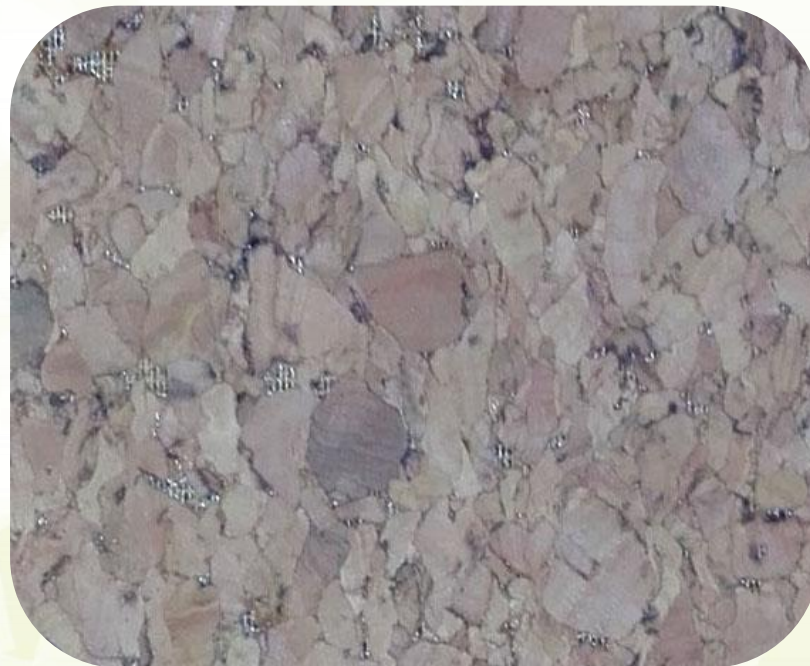

Honeyoga

Higher density cork

Our cork surface

PK Other's cork, much leakage

Honeyoga

Higher density natural rubber

Our natural rubber

PK

Other's rubber

Cut down trees to get the cork? NO!

We get the cork from the stripped bark from oak tree, respect our mother land, organic and environmently .

We do the first stripping when the trees grow to 25th year, then the trees continue to grow, we do the second stripping 10 years later, then circulate every 10 years.

How to deal with the oak bark?

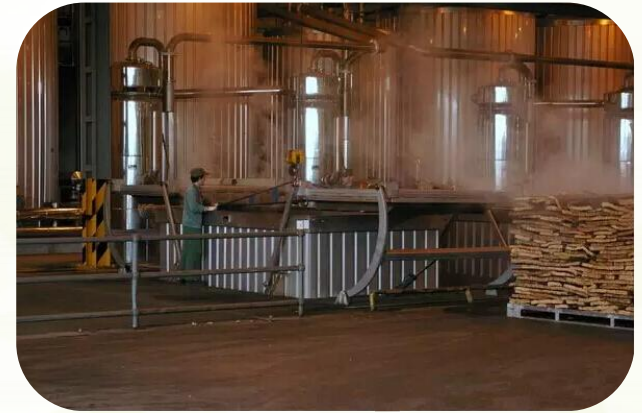

Stripe bark

Sun-cure

Steam, soften, disinfect

Air-dry

Cut into slices

Punching

Cork's character

01

**WOODEN
INSTINCTIVE QUALITY**

木质本色

02

DON'T ROT DECAY

不腐不蛀

02

**DON'T
AVIRULENT INSIPIDITY**

无毒无味

04

**MOISTUREPROOF
WATERPROOF**

防潮耐水

03

**SMOKE
SELF-EXTINGUISHING**

阻烟自熄

06

NOT EASY TO TOUCH

不沾灰尘
