Shangdian considers any design idea and style is closely relating to the principle of "humanism" and either perception or rationality is attached with perceptual understanding to "human".

While positioning design style according to design reference factor "Region, human, function and investment budget."

By means of modern style integrated with traditional elements to reflect the regional culture. Integration of brilliant civilizations and magnificent layout has brought gorgeous and traditional blended beauty, which exuded cultural tastes, created elegant and unique hotel space, constructed a calm, low-key but elegant atmosphere.
