

Shijiazhuang Ocars toy Trading Company

Company information

Our company is specialized in different kinds of children ride on cars, including electric children ride on cars, children motorcycles, tricycles, baby safety seat, baby dining chair, children scooters, etc. Based on great and long-term cooperation, we enjoy excellent relationships with manufacturers which are approved by standard certification, and combine our competitive prices with professional technical support.

As a professional supplier for children products, our mission is providing excellent quality products at favorable prices and offering the best customer service. We pride ourselves on our first-class customer service. Our experienced English-speaking sales staff members will be delighted to work closely with you to get the product that truly meets your requirement. Our dedicated QC team will thoroughly inspect your products before shipment and will continue to work with the factory to provide excellent technical and after-sales support.

Contact us to know more about us.

We wholesale the children car, generally the MOQ is a 40HQ' container. We can accept small quantity as a trial order. If you have freight forwarder in China, we can send one sample to your agent.

Color, pattern, package customization's MOQ should be 100 pieces each.
More information you can contact our sales manager.
